

# Ownership, Possession, and Care Rules for Kentucky 4-H/FFA Youth Breeding and Market Livestock Projects

In addition to providing youth an opportunity to learn about animal selection and evaluation, nutrition and feeding, health and daily care, reproduction, and marketing, another of the important purposes for 4-H/FFA Youth Breeding and Market Livestock Projects is to facilitate learning the valuable life skills of responsibility, hard work, critical thinking, and decision-making. Achieving each of these purposes is best accomplished when the 4-Her or FFA member has personal ownership of their project and responsibility for the continuous daily care of their livestock or dairy project under the oversight of the youth's parents or legal guardians, the local supervising Extension Agent or FFA Advisor, and (or) the volunteer local leader.

To help provide a framework where the above-mentioned purposes can be achieved, the following rules pertaining to ownership, possession, and care of 4-H/FFA Youth Breeding and Market Livestock Projects shall be applied. These rules apply to all 4-H/FFA beef, goat, sheep, and swine breeding and market animal projects (includes beef heifers, beef cows, beef bulls, market steers, market heifers, breeding does, market goats, breeding ewes, breeding rams, market lambs, breeding gilts, and market hogs).

## Ownership, Possession, and Care Rules:

1. The ownership and possession deadlines for 4-H/FFA youth livestock projects are as follows:
  - a. **June 1** of the current project year for beef heifers, beef cows, beef bulls, breeding does, breeding ewes, and breeding gilts.
  - b. **March 18** of the current project year for market steers and market heifers.
  - c. **May 20** of the current project year for market goats, market lambs, and market hogs.
2. Adult/youth partnerships are acceptable for breeding animals (beef heifers, beef cows, beef bulls, breeding does, breeding ewes, breeding rams, and breeding gilts) providing each partner's full name is on the registration certificate. Animals registered in a farm only are not allowed.
3. Co-tagging (joint ownership) of market animals with K.U.I.P. tags is only permitted among siblings, except in special cases (legitimate county or club co-ops, special needs, etc.) where a waiver may be granted.
